MARINE EXCELLENCE · SINCE 2025

Your vessel deserves expert hands every time.

Prisa Yachts LLC delivers professional yacht care, certified captains, full maintenance, and marine electrical & electronics services across South Florida's waterways — from Miami to Palm Beach.

We are a South Florida-based marine services company specializing in yacht management, professional crewing, preventive maintenance, and electrical & navigation systems. Our certified team brings shipyard-grade quality directly to your vessel — at the dock, in the yard, or offshore.

SERVICE AREA
Miami–Palm Beach
ICW · OFFSHORE · INTRACOASTAL

WHAT WE DO

Our Services

Yacht Care & Detailing

Complete vessel care programs tailored to your yacht's needs. We protect your investment with meticulous attention to every surface, system, and fitting.

- Full exterior wash & wax
- Hull polishing & antifouling prep
- Interior deep cleaning
- Stainless & chrome brightwork

Teak Deck Recovery

Full restoration of teak decks — from deep cleaning and caulking repair to full plank replacement. We bring weathered teak back to its original warmth and beauty.

- Deep cleaning & brightening
- Caulk removal & re-seaming
- Plank repair & full replacement
- Sealing & long-term protection

Professional Crewing

Certified captains and experienced crew for day trips, charters, vessel transfers, and ocean passages. Licensed, insured, and fully professional.

- USCG-licensed captains
- Day & overnight charters
- Vessel delivery & transfer
- Offshore passage crew

Maintenance & Repair

Scheduled preventive maintenance and on-call repair services for engines, mechanical systems, plumbing, and all onboard equipment.

- Engine servicing & oil changes
- Bilge pump & through-hull service
- Fuel system maintenance
- Generator & AC service

Electrical & Electronics

Marine electrical systems, NMEA 2000 networks, navigation electronics, AIS, chartplotters, VHF, autopilot, and full wiring installations following ABYC standards.

- NMEA 2000 & 0183 integration
- AIS transponder installation
- Chartplotter & autopilot setup
- DC/AC panel & shore power

WHY CHOOSE US

Built on the water.
Proven on the water.

25+

YEARS AT SEA

Our team brings over 25 years of combined maritime experience — from commercial vessels to luxury yachts. We don't just service boats; we know them from the inside out.

NMEA

FULL SYSTEMS KNOWLEDGE

We understand the complete maritime ecosystem — propulsion, electrical, navigation, hull, and deck systems. Electronics installed following ABYC wiring standards.

24/7

WHATSAPP SUPPORT

Direct line to our team via WhatsApp for urgent needs, scheduling, and real-time updates on your vessel — because boats don't keep office hours.

CLIENT REVIEWS

What Our Clients Say

★★★★★

"From day one, Prisa Yachts demonstrated extensive knowledge of the nautical world. They always communicated clearly, took care of every detail, followed safety best practices, and delivered on time and within budget."

MARIA CADENAS · YACHT OWNER

★★★★★

"Frederico and his deckhand were consummate professionals throughout. On time, in constant communication, and genuinely interested in making the experience as memorable as possible. I highly recommend their services."

SHAWN M. · CHARTER CLIENT

★★★★★

"Outstanding job on the teak deck cleaning! The wood looks amazing — even and well maintained. The team showed great attention to detail and professionalism throughout the entire process."

BRIAN LOPEZ · 60' MOTOR YACHT

★★★★★

"I've been looking for a captain with this level of professionalism for years. Frederico runs everything flawlessly — safety, service, and every detail on board. You can feel his passion for what he does."
